1. Introduction

1.1 Purpose of this Document

This document sets forth the DareVita Compensation Plan in precise, enforceable terms and consolidates the Company's key compliance commitments. Its purposes are to:

- Define roles (Client vs. Independent Brand Ambassador), eligibility, and the conditions for earning compensation.
- Specify that **all commissions and ranks are calculated solely on Business Volume (BV)** derived from bona fide product purchases.
- Describe each bonus, rank qualification, and administrative control (e.g., payment calendar, cashout audit, holds).
- Embed guardrails that deter and detect non-compliant behavior (e.g., misleading income/health claims, inventory loading).
- Serve as the authoritative reference for IBAs, compliance personnel, and external reviewers.

1.2 FTC Compliance Principles

DareVita designs, administers, and enforces its plan according to the following principles:

1. **Consumer-First Structure & Role Separation**
    - Every participant begins as a **Client** with access to the retail storefront only.
    - A participant becomes an **Independent Brand Ambassador (IBA)** only after **expressly signing the Distributor Agreement** and opting in to referral activity; only then is back-office/compensation access enabled.
2. **Compensation Only for Product Sales (No Recruitment Pay)**

- Compensation is **not paid for recruiting, sign-ups, or headcount in isolation.**

- **All commissions and rank evaluations are primarily based on BV from verified product purchases.**

3. **BV Basis for All Calculations**

   - Bonuses, commissions, and ranks are calculated solely on BV, not retail price, taxes, fees, shipping, or non-commissionable items.

4. **Reasonable Activity; No Pay-to-Join**

   - Joining as a Client or becoming an Independent Brand Ambassador (IBA) is free.
   - To remain **Active** and eligible for rank credit and bonus payouts, an IBA must maintain a minimum of **50 BV in monthly product purchases**. This requirement is designed solely to reflect approximately **30 days of reasonable personal consumption**, ensuring that each IBA is consistently using and experiencing the DareVita products they represent.
   - The **Impact Bonus** may be earned regardless of Active status; it does not require the 50 BV monthly purchase.
   - The purchase does not constitute an **investment**, is not required to become an IBA, and serves only as a **fair-use standard** to support product familiarity.

5. **Retail Sales Emphasis & Anti-Inventory Loading**

   - Policies are designed to deter **excessive self-purchase** and include a **minimum 90% buy-back policy** for resalable inventory to help prevent inventory loading.
   - The plan emphasizes **retail sales to end customers.** The Company monitors **the retail/IBA sales mix** and may impose compliance holds where warranted.
   - **Personal use purchases are permitted and encouraged,** provided they remain within reasonable limits consistent with monthly household consumption.

6. **Truthful, Substantiated Marketing**

    - Strict prohibitions on **unsubstantiated income and health claims;** mandatory use of **Income Disclaimers** in all promotional contexts.
    - Marketing content must be **accurate, typicality-fair, and subject to audit.**

7. **Transparent, Timely Payment with Compliance Controls**

    - Payments follow a published calendar; cashouts are subject to a **10 business-day audit** to validate eligibility, refunds/chargebacks, and fraud/AML checks.

8. **Training, Monitoring, and Enforcement**

    - Ongoing training, proactive monitoring, corrective action, suspension/termination, and clawbacks for violations.

    - Comprehensive recordkeeping to substantiate compliance.

1.3 Definitions of Terms

For clarity throughout this document, the following terms apply (a complete glossary appears in Section 2):

- **Client**: An individual with a free DareVita account who purchases products for personal use via the retail storefront and **does not** participate in the compensation plan.

- **Independent Brand Ambassador (IBA)**: An individual who (i) holds a free DareVita account, (ii) has **signed the Distributor Agreement**, and (iii) opts in to referral activity. IBAs may earn compensation if active and otherwise qualified.

- **Distributor Agreement**: The binding contract an individual must accept before accessing the back office or accruing commissions; governs conduct, marketing, compliance, and dispute resolution.

- **Business Volume (BV)**: The internal value assigned to products for compensation and rank purposes. **All** earnings and rank calculations are based on BV.

- **Active / Activity Requirement:** The monthly condition for compensation eligibility is a minimum of **50 BV (approximately $50 USD) in product purchases**, representing roughly **30 days of reasonable personal consumption**. This requirement ensures that IBAs actively use DareVita products each month. It is not an investment, nor is it required to become an IBA or to earn the Impact Bonus; it applies solely to eligibility for rank qualification and ongoing bonus payouts.

- **Starter Pack**: A product bundle required to **unlock rank qualification** (but not required to become an IBA or to earn the Impact Bonus). Must provide bona fide consumer value.

- **Rank (D1–Y12)**: Progression tiers (D1, A2, R3, E4, M5, M6, M7, U8, N9, I10, T11, Y12) attained through defined BV thresholds, leg requirements, and strong-leg caps, subject to Active status.

- **Leg / Strong-Leg Cap / Minimum Leg Volume**: Structural requirements that limit how much volume from any single downline leg may count toward rank, and set minimum BV per leg to encourage balanced growth.

- **Network Level (L1–L12)**: Generational depth used to determine Subscription and Matching Bonus eligibility and percentages.

- **Commission Period**: The monthly period for accruing BV toward bonuses and ranks; payouts occur per the payment calendar.

- **Back Office**: The IBA portal showing organization, BV, accrued bonuses, and cashout tools; access requires a signed Distributor Agreement.

- **Cashout / Audit Period**: The process by which accrued funds are requested for payout; subject to a **10 business-day** audit to validate eligibility, returns, fraud, and AML/KYC checks.

- **Non-Commissionable Charges**: Taxes, duties, shipping, handling, and fees that do not generate BV and are excluded from commission calculations.

Cross-reference: See Section 2 for the full glossary; Sections 4–5 for bonus mechanics and rank rules; Section 6 for payment and cashout procedures; Section 7 for compliance notices and disclaimers.

2. Glossary of Key Terms

2.1 Client

An individual who opens a free DareVita account and purchases products strictly for personal use through the DareVita retail storefront. Clients are **not eligible** for compensation or bonuses under the DareVita Compensation Plan. If a Client refers another purchaser, the Client must first **sign the Distributor Agreement** to become an Independent Brand Ambassador (IBA) before earning any commissions.

2.2 Independent Brand Ambassador (IBA)

An individual who:

1. Has opened a free DareVita account,
2. Has **signed the DareVita Distributor Agreement**, and
3. Has expressly opted in to participate in the Compensation Plan.

IBAs may earn commissions and bonuses subject to rank qualifications and the **Active / Activity Requirement** (minimum 50 BV monthly purchase reflecting approximately 30 days of personal consumption).

2.3 Starter Pack

A discounted product package available to new IBAs. The Starter Pack provides genuine consumer value and is required only for **rank qualification purposes**. It is **not required** to become an IBA or to earn the Impact Bonus.

2.4 Business Volume (BV)

The internal value assigned by DareVita to each product for purposes of calculating commissions, bonuses, and rank qualifications.

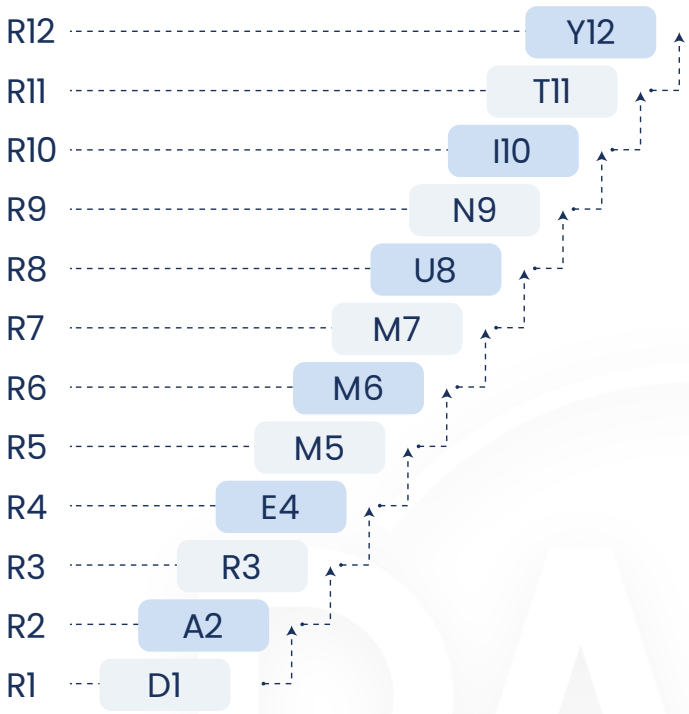

- **All earnings, bonuses, and ranks are calculated exclusively on BV.**
- BV excludes taxes, shipping, duties, and non-commissionable charges.

2.5 Active / Activity Requirement

The monthly condition for compensation eligibility: a minimum of **50 BV in product purchases** (approximately $50 USD), representing about **30 days of reasonable personal consumption**. This requirement ensures IBAs are consistently using DareVita products. It is not an investment, nor is it required to become an IBA or to earn the Impact Bonus.

2.6 Rank (D1–Y12)

A tier within the DareVita Compensation Plan earned by meeting defined BV thresholds, structural requirements, and balance rules. The ranks, in order, are:

2.7 Leg / Strong-Leg Cap / Minimum Leg Volume

Structural definitions applied to rank qualifications:

- **Leg**: A distinct downline sales organization originating from a personally sponsored IBA.
- **Strong-Leg Cap**: The maximum BV from any one leg that may be applied toward rank qualification.
- **Minimum Leg Volume**: The required BV that must come from multiple legs to ensure balanced organizational growth.

2.8 Network Level (N1–N12)

Generational depth used to determine Subscription Bonus and Matching Bonus eligibility. "N1" refers to direct personally sponsored IBAs or Clients; "N2" refers to their direct downlines, and so forth, through N12.

2.9 Commission Period

The monthly accounting period in which BV is accrued for purposes of calculating commissions and ranks. Bonuses are paid according to the published **Payment Calendar** (Section 6.1).

2.10 Back Office

The secure IBA portal providing access to sales data, genealogy, BV reports, accrued commissions, and cashout functions. Access is granted only after signing the Distributor Agreement.

2.11 Cashout / Audit Period

The process by which an IBA requests transfer of accrued commission funds. All cashout requests are subject to a **10 business-day audit** to verify eligibility, returns, fraud checks, and AML/KYC compliance prior to release.

2.12 Non-Commissionable Charges

Taxes, shipping, duties, handling fees, and other amounts that do not generate BV and are excluded from commission calculations.

3. Compensation Plan Overview

3.1 Principles

The DareVita Compensation Plan is designed around the following core principles:

1. **Free Entry** – Every participant begins as a **Client** with access to the retail storefront at no cost. Becoming an Independent Brand Ambassador (IBA) is also free; no enrollment fee, starter pack purchase, or investment is required.

2. **Separation of Roles** – Clients purchase solely for personal use. Only individuals who **sign the Distributor Agreement** and opt in to the plan may act as IBAs and become eligible for commissions.

3. **Compensation Based on Product Sales Only** – All commissions and bonuses derive exclusively from **verified product purchases**. No compensation is paid for recruitment, enrollment, or headcount.

4. **Business Volume (BV) as the Basis** –

    - Every DareVita product carries a **BV value**.

    - **All commissions, bonuses, and rank qualifications are calculated solely on BV.**

    - BV excludes taxes, shipping, fees, and non-commissionable items.

5. **Reasonable Personal Consumption** – To remain Active and eligible for payouts, IBAs must purchase a minimum of **50 BV monthly** (approximately $50 USD), which equates to **about 30 days of reasonable personal use** of DareVita products. This ensures that IBAs are familiar with the products they represent.

6. **Optional Starter Pack** – A Starter Pack is required only to **unlock rank qualification**. It provides bona fide consumer value and is **not required** to become an IBA or to earn the Impact Bonus.

7. **No Inventory Loading** – IBAs are prohibited from excessive purchases beyond what can be reasonably used or sold. A **90% buy-back policy** is in place for resalable inventory returned within 12 months.

8. **Transparency and Compliance** –

    - The plan incorporates income disclaimers, retail requirements, and training to ensure IBAs market DareVita truthfully.

    - Cashout requests are subject to a **10 business-day audit** to confirm returns, refunds, and fraud checks before payout.

3.2 Eligibility

To participate in the Compensation Plan and earn commissions, an IBA must:

1. Maintain **Active Status** by purchasing at least **50 BV monthly** (approx. $50 USD, equal to 30 days of personal consumption).

2. Have signed the **Distributor Agreement**.

3. Comply with DareVita's Code of Ethics and all applicable FTC, FDA, and consumer-protection rules.

4. Avoid prohibited conduct, including false earnings claims, false health claims, and inventory loading.

3.3 Calculation Methodology (BV Basis)

- All commissionable activity is calculated on **BV**, not on retail price or dollar amounts.

- Commissions are based on **verified sales** to Clients and IBAs acting as end consumers.
- No bonuses are paid on recruitment or enrollment.
- Rank qualifications and structural requirements (legs, strong-leg caps) are applied only to **commissionable BV**.

4. Bonuses

The DareVita Compensation Plan provides multiple forms of compensation for IBAs. Each bonus is designed to reward sales activity, leadership, and organizational development. **All bonuses are calculated exclusively on Business Volume (BV).**

4.1 Impact Bonus

- **Description**: A customer acquisition bonus rewarding IBAs for referring new participants who register and place product orders.
- **Calculation**: IBAs earn **40% of BV from product orders placed by their personally enrolled Clients or IBAs within the first 30 days following registration**.
- **Eligibility**: Available to all IBAs immediately upon signing the Distributor Agreement. No rank or Starter Pack is required.
- **Payment**: Credited instantly to the IBA's back office balance. Funds become withdrawable after cashout request and completion of the 10 business-day audit (see Section 6.2).
- **Compliance Note**: This bonus is based strictly on **product purchases made after registration**. It is not compensation for enrollment or recruitment activity.

4.2 Subscription Bonus

- **Description**: A residual bonus rewarding IBAs for ongoing monthly product subscriptions in their downline network.
- **Calculation**: Earn **31% of BV** spread across 12 levels, as per the table below.
- **Eligibility**: To unlock levels beyond N1, IBAs must achieve and maintain the corresponding rank (see Section 5).
- **Payment**: Paid on the **15th of each month** for the prior commission period.

4.3 Matching Bonus

- **Description**: A leadership bonus rewarding IBAs for mentoring their personally enrolled network.

- **Calculation**: IBAs earn a **match on the Subscription Bonus** earned by their direct network:

- ***Compliance Note:*** *The DareVita Bonus amounts are* ***extraordinary milestone awards*** *and must not be interpreted as typical or average earnings. These awards represent exceptional achievement and are attained only by a very small percentage of IBAs.* ***Results are not typical, and most IBAs will not earn these awards.*** *All earnings are dependent on individual effort, business skill, and market conditions.*

4.5 Unity Leadership Pool Bonus

- **Calculation**: 4% of total company BV is allocated monthly and distributed as follows:

Rank 6 (M6)	= 1%

Rank 12 (Y12)	= 1%

- **Eligibility**: Must hold the qualifying rank for the period.

5.5 Compliance Note

- Rank advancement is based **solely on product sales measured in BV**.
- No compensation is paid for recruitment or registration without product purchase.
- Structural requirements (leg volume and caps) are intended to ensure **balanced growth** and avoid over-reliance on a single leg.

- The audit period allows DareVita to:
    - Validate sales activity and BV credits.
    - Verify product returns, refunds, and chargebacks.

6.3 Refunds, Buy-Back, and Inventory Loading Protections

3. **Prohibition on Inventory Loading**

    - IBAs may not purchase more products than they can reasonably use or resell within a month.

7. Compliance and Legal Disclaimers

7.1 Income Disclaimers / Testimonials

DareVita prohibits any unsubstantiated or misleading income representations. All marketing materials, training presentations, and testimonials must include the following disclaimer:

Income Disclaimer

Earning levels or income statements (including claims such as the ability to quit a job, stay at home, or portrayals of luxury lifestyles) discussed here exceed the average results achieved by all IBAs during the same time period, are not necessarily representative of the success or compensation that any particular IBA will receive, and should not be construed as typical or average.

The ability to earn income under the DareVita Compensation Plan depends on many factors, including an individual IBA's business, social, and sales skills;

personal ambition and activity; availability of time and financial resources; and access to a large network of family, friends, and business contacts. DareVita cannot and does not guarantee any particular level of earnings. Even IBAs who dedicate a significant amount of time, effort, and personal funds may not achieve a meaningful level of success. **Results may vary and are not typical.**

All compensation plan documentation, websites, and marketing events must reference this disclaimer.

7.2 Prohibition of Health or Medical Claims

- IBAs are strictly prohibited from making any **express or implied claims** that DareVita products **diagnose, treat, cure, or prevent** any medical condition.
- Only **official DareVita materials** may be used to describe product benefits.
- IBAs who **make unauthorized medical claims** are subject to **disciplinary action, up to and including termination.**

7.3 Retail Sales Requirement

- At least **50% of total BV volume** must derive from bona fide customer sales (non-IBAs).
- Self-consumption by IBAs (50 BV monthly Active requirement) qualifies as end-user consumption, but does not substitute for retail sales.
- DareVita monitors sales patterns to ensure compliance and may withhold commissions or terminate accounts if retail sales thresholds are not met.

7.4 Anti-Pyramid Provisions

- No commissions are paid on recruitment, enrollment, or sign-ups without product purchase.
- Bonuses are based **only on product sales measured in BV**.
- The Starter Pack provides genuine consumer value and is **not required** to become an IBA or to earn the Impact Bonus.
- Policies against inventory loading, coupled with the 90% buy-back guarantee, ensure DareVita is operated as a **product-driven direct selling company**.

7.5 Training, Monitoring, and Enforcement

- DareVita provides **regular compliance training** on income and product claims.
- The Company provides **corporately approved marketing materials** for use by IBAs.
- The Company **monitors online and offline marketing** for violations.
- Enforcement measures may include **warnings, suspension, forfeiture of commissions, and termination** of the IBA agreement.
- DareVita reserves the right to **claw back** commissions earned through fraudulent or non-compliant activity.
